## FATAL FIRE.

One Killed and Two Men Dying at the City Hospital.

Several Others Injured by Falling Walls of an Augusta Mill.

The Dead Man Was Driven For the Superintendant of Fire Alarms—The Injured Are Firemen—Loss by the Fire Probably Forty Thousand Dollars.

Augusta, Ga., June 28.—One man dead and two dying at the city hospital, with several others injured, are the result of a fire which destroyed Miller & Co.'s mill on Twiggs street Monday morning. The loss by the fire is probably \$40,000; insurance, \$12,000.

When discovered at 1:45 a. m., the mill was on fire in the third story of the main building, an open-roofed structure with wooden frame work. The flames spread with great rapidity and while several firemen were working on a ladder, one of the beams gave way, this causing the casualties.

The dead: Aaron Morton, colored, driver for Superintendent of Fire Alarms J. B. Platt.

Injured: Mike Riley, hook and ladder truck, can not recover; Gabe Waters, colored, can not recover; Fredrick, colored, can not recover.

Bob Weasley, Engine Company No. 3, leg broken, head cut.

Henry J. Hale, ladderman on hook and ladder, head cut.

Ben Pfeiffer, engine, head cut.

The origin of the fire is unknown.

### NOTIFICATION COMMITTEE.

They Will Be in Canton Monday and Full at Their Duty—McKinley's Letter of Acceptance.

Canton, O., June 28.—The city of Canton has witnessed a good many demonstrations in an enthusiastic manner since Mr. McKinley was nominated and there have been thousands of strangers within the gates. All the demonstrations and visitors up to this time, however, have been of an unofficial, if not informal character. Monday the notification committee, composed of one member from each state and territory, selected by the national committee at St. Louis for the purpose of conveying to the candidate of the notice of his nomination, will be in the city. The significance and importance of the coming of all of the other visitors and delegations which McKinley has received.

The chairman of the committee, Senator John M. Thurston, of Nebraska, will be the spokesman for the committee Monday. In reply to Senator Thurston will be answered with interest. It will not be long and he will not at this time attempt to discuss the merits of McKinley, but will elaborate the dominant issues of the campaign.

Nothing in the way of an exhaustive formal utterance may be expected until he publishes his letter of acceptance, which will be in a month or six weeks. This is the first time a candidate allows to elapse between the date of his official notification and the publication of his official acceptance of the nomination.

Mr. McKinley is not disposed to depart from custom in the matter. He knows there is an abundance of time before the election in November for the discussion of all political questions of moment and he does not wish the campaign to commence too soon and too vigorously.

### TOBACCO MONOPOLY.

Spanish Chamber of Deputies Adopts a Bill Forbidding the Government to Raise \$100,000,000.

London, June 28.—The Standard Monday publishes a dispatch from Madrid saying that the chamber of deputies has unanimously adopted a bill enabling the government to raise the sum of \$100,000,000 on the security of the tobacco monopoly, the money to be available for war expenses during the parliamentary recess. The dispatch adds that the government has completed arrangements for the use of 30 trans-Atlantic steamers during the month of August to transport 40,000 reinforcements and 60,000 Mauer rifles to Cuba, and also a number of heavy guns to be mounted in the forts at Havana and other parts of the island.

### Will Permit no Bulldozing.

Chicago, June 28.—There is trouble in store for the Cleveland bidders if they attempt any rowdyism in this city during the series of four games beginning Monday. President Hart left Sunday night for Pittsburgh to attend a meeting of the board of directors of the league, and left orders with Treasurer Brown for an extra detail of police. Should any bidders be tempted by the spiders they will be placed under arrest at once and treated as they were in Louisville.

### Killed in Revenge.

St. Louis, June 28.—A special from St. Louis, Mo., says Emilio Rodriguez, a ranchman, living some three miles from his brother and sister-in-law three years ago and had been formally released by the court on June 22, 1900, when he returned to the scene of his crime. Before he could be arrested he was met by a brother-in-law, murdered woman and shot to death.

### New Diplomat Received.

Washington, June 28.—New diplomatic representatives of Japan and the Argentine Republic were formally received by the president Saturday and only recognized in their official capacity.

### Brooks Church Windows.

Bradford Junction, O., June 28.—Jim and Charles Mueck and M. Smith were fined \$20 and sentenced to 30 days in jail for breaking windows in the Methodist church.

### Official Cholera Statistics.

CAIRO, June 28.—The official cholera statistics show that another day has passed and there were 1,233 new cases of the disease reported and 1,071 deaths.

## GEOLOGICAL SURVEY.

The Director Makes His Report on the Total Value of the Mineral Products of the United States.

Washington, June 28.—According to official statistics just issued by the director of the geological survey the total value of the mineral products of the United States for 1899 increased over \$80,000,000 beyond the value for 1898, or from \$337,385,994 to \$417,385,994. This increase is considered a long step towards recovery from the depression to which the mineral industry like all others has been subjected.

While the coal product is great, it is much steeper in spite of the extra demand for it in order to produce an extra supply of fuel.

Another noticeable feature will be the profitable producing districts in the Appalachian range. Nature gas showed a decline, the production decreasing in all the fields, thereby shortening the life of each well and greatly reducing the product, especially in Pennsylvania.

Almost all the remaining minerals show substantial improvement.

### PRESIDENT CLEVELAND.

Will Probably Leave for Gray Gables Tuesday Where He Will Remain During the Summer.

WASHINGTON, June 28.—Unless something now entirely unforeseen should happen to change his plans there is probably the president of the United States leaving here Tuesday morning next for Gray Gables, where he will remain for the summer, should not the present season of events be disturbed by complications now not expected from any quarter. The coming week is likely also to see the resignation of the departure of cabinet officers, whose personal presence in Washington is not regarded by them as absolutely necessary during the coming period of mid-summer heat and stagnation.
